CAPSTONE
Engineering Simplified

DETAILED 3D MODELING:
We create detailed, coordinated, and intelligent 3D BIM Models in Revit for all engineering disciplines.

Clash Detection & Resolution:
We identify and resolve potential clashes between disciplines (e.g., ductwork interfering with beams) within the 3D model, saving time and money on-site.

Centralized Data Management::
We store all project information and models securely in a central location, accessible to authorized users.

Construction Drawings:
We create highly detailed and coordinated construction drawings for all disciplines.

Fabrication Spools:
We produce detailed fabrication spools for mechanical, electrical, and plumbing systems.
